To ensure that your retirement is well planned, Habib Metropolitan Bank in collaboration with Jubilee Life Insurance presents Assured Retirement Plan - an effective means of achieving financial independence in retirement. This plan helps build substantial capital which can use in time of need. If you require, this capital is applied to provide a pension payment.

- Pension option at maturity of the plan for continuation of your lifestyle in retirement years.
- Choice of various optional benefit riders to enhance your coverage.
- Your savings are invested in funds of your choice.
- Select your own life insurance amount, which will be paid to your family or loved ones in case of your death.
- Option to invest your extra savings and top up your investments at any time during the term of your policy.

Protection

In the unfortunate case of death, your nominated beneficiaries will receive the death benefit between Rs. 100,000 and Rs. 1 million* PLUS return of premiums paid or the cash value of your policy, whichever is higher.

The death benefit available to the policyholder varies with premium contribution. The return of premium does not include any Ad hoc premium and is reduced by prior partial withdrawals made, if any.

*Depending on underwriting outcomes.

Optional Benefits

Assured Retirement Plan gives you the opportunity to select the following additional optional benefit riders:

Accidental Death

To provide you extra protection against accidental death, an additional amount will be paid under this benefit if death occurs due to an accident.

Accidental Death and Dismemberment

An additional amount will be paid under this benefit in case death and dismemberment occurs due to an accident.

Hospitalization Cash Rider

A daily benefit is paid if you are confined to a hospital. The benefit payable is doubled in case of hospitalization due to any of the specified critical illnesses. In case of confinement to ICU, additional benefits will be payable. Spouse and children can also be covered under this benefit.

Funds Management

Jubilee Life offers you a choice of following funds. You can either choose to allocate the entire premium into one of the funds or split your premium between multiple funds that are available.

1. Managed Fund

The objective of the fund is to maximize capital appreciation by investing in a balanced portfolio of a wide range of shares, government and other fixed income securities and cash deposits.

2. Meesaq Fund

The objective of the fund is to provide an opportunity to investors who want interest free returns. The instruments in which Meesaq Fund invests are selective stocks, sukuk bonds, short-term deposits of Islamic banks, Islamic mutual funds and fixed income funds of Islamic banks and other valid interest-free investments.

Jubilee Life allows you four free switches every policy year. Charges would be applicable from the fifth switch and will be deducted from the Cash Value / Unit Account prior to the switch.

Maturity of the Plan

At maturity of the plan, you will be entitled to the cash value of your policy. If your attained age at maturity is 55 years or above, you will also have an option to use the cash value for providing pension, especially tailored for individuals who prefer a steady stream of income instead of a lump sum amount, at the time of retirement.

Ad hoc Premium Payments

Assured Retirement Plan allows you to invest extra funds available with you at any time during the term of the policy and top up your regular investments.
