Jubilee Life's Bharosa Plan will make your investment worthy, thus ensuring a secure future of your child.

How can I avail Bharosa Plan?

There are 3 simple steps that you need to follow:

Step 1	Decide the amount of contribution (Premium) you would make. You can pay premium Yearly, Half-Yearly or Quarterly
Step 2	Choose the best coverage for your needs from the given options.
Step 3	Select any of the optional insurance benefits to enhance the plan.

Am I eligible for Bharosa Plan and what is the available term range?

If you are 18 years to 65 years old, you are eligible to avail the Bharosa Plan. The available term range is 10 years to 57 years (subject to Maturity at 75 years).

What protection does Bharosa Plan offer?

Bharosa Plan is especially designed to accumulate funds on a regular basis while providing life insurance protection. The funds accumulated through the plan may be used for marriage or education of children or any other purpose.

- **Death Benefit**

Bharosa Plan is a flexible plan that gives you the ability to select the Sum Assured of your choice.

You can determine the Sum Assured by multiplying your annualized basic premium amount by the selected cover multiple (offered from 5 to 254) depending on your savings and insurance needs. For example: if your annual premium contribution is Rs. 25,000 and you have selected a cover multiple of 10, your total sum assured would be Rs. 25,000 x 10 = Rs. 250,000.

The maximum sum assured that can be selected under Bharosa Plan is up to the maximum cover multiple limit i.e. 254 (subject to limits defined by the Insurance Company).

If the life assured expires during the term of the plan, his/her beneficiaries will be entitled to the sum assured, or the cash value, whichever is higher.

- **Maturity Benefit**

At the end of the term of the plan, the policy holder will receive the cash value accumulated during the term of the plan.

Note: To help you make a selection according to your savings and insurance needs, you may contact our representative at your nearest National Bank of Pakistan branch.

Yes, under Bharosa Plan, you have the flexibility to withdraw the cash value of your fund(s) – (either fully or partially) provided you have paid premiums in full for two years at the end of which you have the following options:

- **Partial Withdrawal** – If you need to withdraw your cash value for meeting some emergency needs, but do not want to surrender the policy, you can withdraw any amount (subject to minimum withdrawal amount prescribed by Jubilee Life Insurance) after two policy years and after making two premiums payments – provided that the remaining cash value of your policy after withdrawal is greater than or equal to Rs. 24,000. The residual value floor may be reviewed by the company. The Sum Assured may be reduced by the amount of the Partial Withdrawal.
- **Full Policy Surrender** - After the completion of two policy years, given that two years' full premiums have been paid, you can surrender your policy. At the time of surrender, you will be paid the accumulated cash value of your fund. However, surrender in early policy years may result in low cash values.

Are there other built-in features of Bharosa Plan?

- **Automatic Cover Maintenance** – After two years of paying the premium, in case you cannot meet your premium payments, you will still be eligible for the life insurance cover, as long as your plan's cash value is sufficient to pay for charges made against your policy.
